

YOU WIN SOME. YOU WIN SOME MORE.

One name has won more NASCAR® championships than any other — Chevy. And the 2007 Monte Carlo SS has something big in common with its NASCAR cousin — a legendary small block V8. ■ It puts 303 hp and 323 lb.-ft. of torque to the pavement.

■ And it takes Monte Carlo SS from 0 to 60 in 5.6 seconds. ■ EPA estimated MPG is 27 highway, thanks to Active Fuel Management.™ ■ Aggressive exterior styling with full-perimeter lower ground effects separates Monte Carlo SS from the pack.

■ There are also two other intimidating choices: Monte Carlo LT and Monte Carlo LS — both powered by a 211-hp 3.5L V6 that delivers an EPA estimated 31 MPG highway.

1 Cargo and load capacity limited by weight and distribution. **2** Not available on LS models. **3** Not available on SS models. **4** Included and only available with optional Convenience Package. **5** Always use safety belts and the correct child restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. Seat-mounted side-impact air bags are designed to help reduce the risk of head injuries to front-seat occupants on the near side of certain side-impact collisions. See the vehicle Owner's Manual and child safety seat instructions for more information. **6** Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for system limitations and details. **7** Requires available Universal Home Remote transmitter and driver and front passenger illuminated visor vanity mirrors. **8** Requires available Convenience Package or Universal Home Remote transmitter. **9** RDS functions only where stations broadcast RDS information. **10** XM is available only in the 48 contiguous United States.
